EXHIBITION

**The Valley Calligraphy Guild** has a long tradition with Mt. Angel Abbey of mounting a members' show each year since 1981 in its famed library designed by Finnish architect Alvar Aalto. Although the Abbey is off the beaten path, our exhibit each year surprises unsuspecting visitors to the mount who stop by to experience the calm of the Abbey community, attend seminars, or to see the architecture of the library.

**Submitting:** This is a non-juried show. Each VCG member may submit up to 3 pieces. All pieces submitted must be handlettered originals. In case of space limitations, at least one piece per person will be shown. There are locked display cases for a limited number of 3D pieces such as books.

**Sales:** There will be a 15% commission on sales paid to Mt. Angel Abbey Library. The staff at the library will handle collection and pickup preferences for pieces sold.

### NOTE:

**Please take a photo of your entries before placing under glass and submit to Reeva Kimble at: rkimble@uoregon.edu or mail to her at 2352 Van Ness; Eugene, OR 97403**

**Preparation of Pieces:** All pieces must be covered with glass or Plexiglass (please indicate which you have used). All art must be framed with a **picture wire hanging system.**
